CLINICARE®

Professional Treatments

GLOW TREATMENT

SKIN CONCERNS

Hyperpigmentation, age spots and dull tired skin

Revive tired, uneven and dull looking skin and lighten pigmentation, often caused by excessive sun exposure and stress, with this targeted treatment.

With enriched Arbutin, which effectively targets skin problems such as melasma, age spots and hyperpigmentation, and low molecular weight Hyaluronic acid for a long lasting boost of hydration. The result is restored luminosity and a brighter, more radiant complexion.

PURE TREATMENT

SKIN CONCERNS

Troubled and/or sensitive skin, acne-like conditions

This intensely soothing treatment relieves irritated complexions and targets hyperactive sebaceous glands.

Low molecular weight Hyaluronic acid together with natural plant extracts provides skin with the moisture it requires for a clearer, healthier looking complexion. While Green Tea extract and Witch Hazel disinfect and repress inflammation through their antibacterial and antimicrobial properties.

REFRESH TREATMENT

SKIN CONCERNS

Fine lines, wrinkles and dehydrated skin

An anti-ageing treatment for combating and preventing signs of ageing, smoothing skin and restoring radiance.

Low molecular weight Hyaluronic acid and natural plant extracts provides skin with deep moisture and restores skin tissue damaged by stress and environmental factors. While active ingredients such as Argireline and Peptides with Epidermal Growth Factors have a lifting and tightening effect. The result will be smooth, fresh and younger looking skin.
